Integrity™ 9411 Framed pivoting shower screen system with magnetic framed door

Integrity™ 9411 is a Good Design Award winning product, featuring a low profile twin tiered sill design.

Modern Design & Componentry

• Component and design features combine to provide convenience and colour co-ordination • Snap Caps • Dress Trims • Pivot Blocks • Anti-bacterial clear (i.e. frost) and colour matched glazing vinyl • The Good Design Award, reflects the latest in design aesthetics and technology.

Magnetic Door Seal

Colour co-ordinated PVC coated magnetic door seal provides for a cushioned rattle free operation and increased water resistance.

Patented Pivot Mechanism

Utilising a stainless steel pivot pin, the **Integrity™ 9411** Shower Screen System features a 'positive close' low friction design mechanism, providing the benefit of whisper quiet and trouble free operation.

The 'lowering' effect of the design automatically reduces the gap between door and sill on door closure, which further assists with elimination of external splashing and improved water resistance.

Integrated Fixed Panel

Fixed panels (where required) are glazed directly into the outer frame, minimizing the potential for residue accumulation.

Water Resistance

Integrity 9411™ is available with a spray flap adaptor, which further improves on a 4mm spacing between the door bottom and sill, which significantly improves water resistance and eliminates splashing.

Advanced Sill Design

Contoured fully enclosed twin-tiered sill design directs water run-off into shower base. Gasket sealing system ensures maximum water resistance. Low profile design is foot-friendly, unobtrusive and reduces external splashing for a cleaner, drier and safer bathroom.

Low Maintenance

Smooth contoured profiles minimise soap and residue accumulation and the need for cleaning.

Handle Selection

A full-length continuous double handle door stile with magnetic closure is safe and user friendly, providing a splash resistant positive close, pivot door operation

Mirage Square Cut 3051™

PERIMETER FRAMED PIVOTING SHOWER SCREEN SYSTEM WITH FRAMELESS DOOR

Mirage Square Cut 3051™ features rounded convex profile with fully recessed glazing channel outer frame design

Exceptional Value

Indulge your imagination and create an absolute premium bathroom design at a surprisingly affordable price.

Adjustment

Provides up to 15mm jamb adjustment for out-of-square walls for ease of installation and further cost savings.

Handle Selection

An extensive range of handles are available in your choice of either gold, chrome and satin chrome plated finishes.

Components

Component and design features combine to provide convenience and colour co-ordination.

- Patented Pivot Mechanism
- Anti-bacterial clear (i.e. frost) and colour matched glazing vinyl
- Pivot Clamp System

Low Maintenance

Smooth contoured profiles minimise soap and residue accumulation, reducing the need for cleaning

Design Flexibility

Mirage Square Cut 3051™ Shower Screen Systems can be designed for installation into most bathrooms. Ask your distributor for advice on a design to suit your needs.

Water Resistance

Mirage Square Cut 3051™ can be specially made to include magnetic and/or non-magnetic seal closures, maximising water splash resistance so your bathroom remains drier and safer.

Frameless Patented Pivot Mechanism

Unique pivot design allows for a totally frameless door. Utilising a captive stainless steel pivot pin, the **Mirage Square Cut 3051™ Shower Screen System** features a 'positive close' low friction design mechanism, providing the benefit of whisper-quiet and trouble-free operation.

The 'lowering' effect of the design automatically reduces the gap between door and sill on door closure, which further assists with the minimisation of external splashing and improved water resistance.

Over 180° of door swing is possible, enabling both inward and outward opening if required, providing maximum use of bathroom area.

Glass Size

Designed specifically for use with 6mm toughened glass.

Safety

Mirage Square Cut 3051™ Shower Screen System incorporates a captive pivot pin mechanism so the door cannot be dislodged. The **Mirage Square Cut 3051™ Shower Screen System** are glazed to comply with the requirements of Australian Standards AS2208 and AS1288

Square Cut Corner Stake Design

Square Cut Corner Stakes are designed to match the perimeter frame profile, providing rigid colour co-ordinated joining points in the screen structure.

Magnetic Door Latch Mechanism

Mirage Square Cut 3051™ is also available with a specifically designed magnetic door location feature. The Magnetic mechanism has no moving parts resulting in trouble free whisper quiet operation.

Colour Selection

	Black
	Almond Cream
	White
	Bright Satin
	Bright Bronze
	Bright Gold
	Bright Natural
	Matt Natural

Special colours available upon request.
